Xtreme Clutch Nissan 350Z Z33 Range

The Nissan 350Z is one of the most popular platforms for motorsport applications around the world. As a result, Xtreme Clutch has developed a wide variety of different clutch options to suit everything from a lightly modified road car through to dedicated motorsport applications. The 350Z had two different engine configurations with specific clutch kits to suit. The below is in reference to the later model VQ35HR powered cars.
